TWELVE KILLED, MANY INJURED WHEN SHIPS OIL TANK EXPLODES

Firemen Risk Lives and Rush Into Hold of Vessel Tied
Up in Dry Dock at New York To Save Men
Trapped by Flames.

NEW YORK, Oct. 7.—An oil tank aboard the British steamer, R. G. Crowe, tied up for repairs in a dry dock in Brooklyn, exploded early this afternoon while approximately 100 men were working on the craft. Nearly an hour after the explosion the number of killed and injured was not definitely known, but a report made to police headquarters had a dozen killed and many injured. Ambulances and Red Cross workers were rushed to the scene from all parts of the city.

Because of intense confusion in the yards it was difficult to obtain accurate information even an hour after the blast. It was believed, however, that a score of workmen had been trapped in the hold. An employee of the dry dock company said he had seen at least six bodies taken from the hold of the ship. The blast blew a great hole in the starboard side of the ship. At one port hole appeared a workman trapped below. He pleaded with his fellow workers ashore to rescue him. When ladders were brought, rescuers worked desperately. Firemen in gas masks descended into the smoke filled hold. Bodies were swung up with ropes and the injured rushed to hospitals. An hour after the explosion four bodies had been recovered. A hasty check up of workers showed four more missing. The number of injured was placed between 20 and 30.

HARDING TAKES STAND ON LEAGUE

Favors Staying Out of the
Covenant Written at
Versailles.

By the Associated Press

DES MOINES, Iowa, Oct. 7.—A direct issue of ratifying or rejecting the league of nations was accepted by Senator Harding in a speech here today brushing aside the problem of clarifying reservations and declaring he "would favor staying out" of the covenant written at Versailles.

The candidate said he wanted no acceptance of the league with reservations to clarify American obligations but that the proper course would be to reject these commitments altogether.

"I do not want to clarify these obligations," he said. "I want to turn my back on them. It is not interpretation, but rejection that I am seeking."

Governor Cox's definition of the issue was accepted in direct terms by the republican nominee, who said democratic stubbornness had prevented the senate from perfecting the covenant and had made the question placed before the voters a simple one. He called on all those favoring super-government to "vote the democratic ticket and pray God to protect you against the consequences of your folly."

The senator also stated his program of a world association, based on principles in harmony with the constitution, and renewed his pledge to initiate the formation of such a concert immediately after his election.

"Our opponents," he said, "are presently curious to know whether, if—or perhaps I might better say when—I am elected I intend to 'scrap the league.' It might be sufficient in reply to suggest the futility of 'scrapping' something which is already 'scraped.' Whether President Wilson is to be blamed or thanked for the result, the fact remains that the Paris league has been 'scraped' by the hand of its chief architect. The stubborn insistence that it might be ratified without dotting an 'i' or crossing a 't' the refusal to advise, that is to counsel with the senate in accordance with the mandate of the constitution, is wholly responsible for that condition."

"I oppose the proposed league, not because I fail to understand a former member of the democratic administration said, 'we are being let in for,' but because I believe I understand precisely what we are 'being let in for.' I do not want to turn my back on them. It is not interpretation, but rejection that I am seeking. My position is that the proposed league strikes a deadly blow at our constitutional integrity and endangers our independence of action."

Let's Shake on That.
If some of the energy displayed by politicians in shaking the hands of the voters was devoted to shaking up inefficient office holders, the country would be better off.—Muskogee Times-Democrat.

CENSUS WORK NOW COMPLETE

Government Will Announce
Complete Census of U. S.
This Afternoon

By the Associated Press

WASHINGTON, Oct. 7.—The bulk of its work completed, the census bureau at 4 o'clock this afternoon will announce the total number of inhabitants in continental United States.

Indications are that the complete census, the 14th in the country's history, will show a total population of 105,700,000. Nearly 12,250,000 persons are estimated to be living in island possessions, making a total of 117,950,000 persons under the protection of the Stars and Stripes.

The estimates are based on a recent official announcement that the census, when 85 percent complete gave a population of 90,586,742 for that proportion of the country.

The relative growth of the nation from 1900 to 1910 was 21 percent, but this rate is expected to be cut to at least 15 percent this year, chiefly, census bureau officials say, through stoppage of immigration during the war and by the heavy emigration during the period.

The striking development of this year's census was the relative growth of cities and industrial centers, as compared with the farming region. The rural growth in the last ten years was only one third as great as it was in previous decades while the cities nearly maintained their 198-1910 rate of growth.

To Complete Armistice.

By the Associated Press

RIGA, Oct. 7.—Polish and soviet Russia delegations here today were completing the work of framing the final armistice terms between the two governments and the Polish foreign minister was expected to arrive to take part tomorrow in the ceremonies incident to signing the covenant. The exact terms of the agreement have not as yet been made public.

BOYS AND GIRLS LOOK

The circus clown contest will close tomorrow at one o'clock. At that hour we want every boy and girl who has sent his letter to the News to be at the office of the News to hear the results of the contest. At that hour the names of the winners will be announced and the show tickets awarded. Up to date there are more tickets than contestants and it looks as though all of you would get a free ticket to the big Yankee Robinson show.

If you are one who has not entered the contest, do so at once. Tell us in 25 words or less what you think would be the funniest thing a clown could do. Twenty boys and girls will get free tickets on this contest.

SEEK SENATORSHIP IN NUTMEG STATE

Augustus Loneragan (above) and Senator F. B. Brandegee.

The league of nations is the main issue in the present senatorial campaign in Connecticut. Senator Frank B. Brandegee, a republican and strong opponent of the league, is opposed by Augustus Loneragan, democrat, and friend of the league. Loneragan, who hails from Hartford, has represented the First Connecticut district in the lower house of congress since 1913.

CLEVELAND AGAIN LOSES TO BROOKLYN

EBBETTS FIELD, BROOKLYN, Oct. 7.—Brooklyn chalked up its second victory of the present world's baseball series today when it won the third game of the series from Cleveland. The score was 2 to 1.

The game was a hard fought pitcher's battle. Good field work was done by both sides.

OPERATORS AND THE MINERS GET TOGETHER

By the Associated Press

McALESTER, Oct. 7.—A joint session of the Oklahoma Operators association and officials of the mine workers union will be held in McAlester at 2 o'clock Friday afternoon to act on the wage proposal of miners, according to an announcement by J. B. Wilson, commissioner for the operators, today. The meeting is the result of the decision of a committee of operators appointed at an executive meeting last week to investigate the question. The McAlester field was working without interruption today.

Sugar Makes Low Record.

NEW YORK, Oct. 7.—A new low record for the year was made in the local sugar market when the Federal sugar refining company reduced the price of refined sugar one-half a cent a pound to 11 cents. This is within two cents of the price prevailing when the industry was under control of the government.

To Restore Color.

To restore the color to worn black kid gloves, dip the tip of a feather into a solution of olive oil and black ink in the proportion of three or four drops of ink to a teaspoon of the oil. The gloves are rubbed with this solution and dried in the sun.

WORLD WAR HERO IS ADA VISITOR TODAY

Walter Lillard Went Over
Top in Face of Enemy
Barrage.

Ada is being honored today by the visit of one of those heroes who helped conquer the Kaiser's hordes. He is Walter R. Lillard, Oakman boy, who was among the first to hear the call when Uncle Sam took up arms to teach the boches a lesson. After lingering for two years in army hospitals, he returned to his home last week limping and leaning on a pair of crutches. His right leg was shot off by the Germans and the left leg is practically useless as a result of bursting enemy shrapnel. Numerous scars about the body also help to tell of the young man's sacrifice for his country.

In Champagne Offensive.
Walter was with the boys of the 36th division in the Champagne offensive. He had been assigned to Company L, 143rd Infantry regiment.

"I got mine on the night of October 11, 1918," he said this morning. "We had waited in the trenches for a let-up in the heavy enemy barrage, and at about ten o'clock the order came to go over the top. Great searchlights played upon the enemy positions, but the searchlights from the other side soon found us, and the big guns started to bark back. A shell hit the ground about twenty feet from me, and the bursting shrapnel hit me. I fell to the ground, both legs out of commission. Everywhere the searchlight fell I could see those who had fallen. Some had been shot to pieces, but as fast as one fell another sprang forward, from out of the darkness."

"I managed to drag myself out of the way to a shell hole on the hillside, and lay there until ten o'clock the next morning, when they came for the wounded. I had not felt any pain, in spite of the fact that my right leg had been shot to pieces, but it was a terrible torture lying there and waiting."

For six months he lingered between life and death in a French hospital. Then he improved sufficiently to stand the trip back to the United States on one of the hospital ships. He was first taken to the army hospital at Des Moines, Iowa, and later to Fort Sheridan, Ill.

Mother Not Waiting.
Little did Walter think when he left to go to war that his mother would not be waiting for him when he would come back home.

"I will be all right, mother," he had told her when he kissed her goodbye, "and we'll all be coming back soon, so don't you worry!"

A few days after he left the hospital ship at New York, he received a wire that his mother had died. She had longed to see her boy, and would have gone to meet him when the ship landed, but could not leave her bed.

Four other members of his family died while he was away, and their families faces were not there to greet him on his return last week. These were one brother, a sister, a nephew and a sister-in-law.

"I have been operated on fifteen times," Walter told Mrs. Orville Snead, home service secretary of the Red Cross, when she called on him this morning. "During my darkest days in the hospitals, the Red Cross was always there to shed a ray of hopeful light."

Walter is now drawing a handsome monthly payment from a war risk insurance policy, besides the allowance from the government for his time in the army.

"Gee!" he exclaimed this morning, "it feels good to be back home again, and Ada is as much my home as Oakman."

To Take Action On Slump In Farm Products

AUSTIN, Texas, Oct. 6.—A call for a meeting of the National Association of Commissioners of Agriculture to be held in Washington October 12, was issued today by Fred W. Davis, Texas commissioner of agriculture and president of the association. Subjects to be considered, Mr. Davis said, will have to do with the "serious slumps in all markets of farm products, including cotton, cotton seed, wheat, corn and livestock." He added that if crops are sold at prevailing prices "bankruptcy will be the result."

Napoleon I died eleven days after making his will.

WILBERT ROBINSON

The Dodgers' manager was born in Hugson, Mass., June 2, 1869. Began his baseball career with Haverhill, Mass., club at age of sixteen. Went to Athletics the next year, 1886. Moved to Baltimore team in 1890. His catching helped make the Orioles the wonder team. In 1900 he went to St. Louis. Then to the Baltimore American League team. Played with Baltimore in Eastern league before he retired in 1904. Played one year with Baltimore in 1908. Became giant coach in 1913 and Dodger manager in 1915. Won first pennant the following year.

RED CROSS TO SEND GIRL BACK TO HER OWN HOME

Velma Jones is to be sent back to her home. She is the little girl who fell into the hands of the police here while in company with a man named A. Forbes, who had induced her to pose as his wife at a local rooming house. Forbes was turned over to the county authorities last night to face a charge of open and notorious adultery, and the girl was given her freedom. The Red Cross took charge of her this morning, and she will soon be on her way home again.

The girl broke down this morning and told her whole story to the home service secretary at the Red Cross headquarters. Her name is not Velma Jones, and her home is not in Flagstaff, Arizona, but in a little town not far from Ada. She was just one of those girls who sometimes wander from the shelter and protection of home and fall into a snare.

Tells of Meeting Man.
She told how she came to meet Forbes at Holdenville. Her money had about given out and she was desperate. He had won her confidence, and she consented to come with him, posing as his wife and consequently falling into the hands of the police.

"Never mind, dear," a consoling voice said, "we are going to care for you. We are your friends, and we want to send you back home." Her story was told to a friend of the Red Cross, and she is being comforted and sheltered in this friend's home while the Red Cross is awaiting word from her father. The girl went to a local hotel last night after being released by the officers. She tried to rub off a little dab of paint from her cheeks as she sat in Red Cross headquarters telling her story. She is hardly more than sixteen years old.

Forbes lives at Wewoka. He is a married man and has three children. An official of the insurance company arrived yesterday to take over his books.

LAST CHANCE TO WIN FREE CIRCUS TICKETS

At 12 o'clock Friday the Circus Clown Editor will stop accepting answers to the Circus Clown Contest.

The Yankee Robinson wild animal circus will be here Saturday. Two trains heavily loaded with circus glories. They will come here from Pauls Valley, traveling over the Santa Fe railroad.

A parade is scheduled to leave the circus grounds promptly at 10:30 traversing the principal streets of the city.

At 1 p. m. and again at 7 p. m. doors to the big show will open, an hour being allowed for people to enter, visit with the animals and find their seats before the performances begin.

In the center of the big tent is a huge steel arena that will be used for exploiting the dangerous wild beast acts. Here Louis Roth, world famous wild animal educator, will put ferocious lions through their paces. Emperor, the outlaw lion, will be among the group.

Fearless Nellie Northup will put pumas through intricate skilled circus tra's. Little Elizabeth Miller will work a group of leopards and Frank Miller will be seen putting

SIX ARE HELD AT STILLWELL ON HOLDUP CHARGE

Must Stand Trial in Adair
County for Bold
Robbery.

STILLWELL, Oct. 7.—Another chapter to the daring holdup and robbery of Henry Gooch and wife on the night of September 17 at their home near the Oklahoma-Arkansas line in this county opposite Siloam Springs, Ark., was written when C. P. Fine, a wealthy former of Okemah; his wife, Charity and Lee Gipson, G. M. Gipson, F. N. Gipson and F. T. Johnson were held to the district court under bond in the sum of \$5,000 each. Johnson, F. N. Gipson and G. M. Gipson were jailed on default of bond.

After telephone wires had been cut, an armed band broke into the Gooch home, robbing Mrs. Gooch of \$1,050 and taking a check for \$5,000. Mr. Gooch's automobile was put out of commission by the bandits to frustrate pursuit. Fine and his party were apprehended near Vinita traveling in two automobiles. Fine and Gooch are brothers-in-law.

Trouble between the relatives began in 1917 when \$5,000 belonging to Fine was stolen. It had been withdrawn from a bank at Okemah and concealed in a fruit jar on Fine's farm near Welby. It was alleged the sum was to be used to keep Fine's son from going into the military service. The boy died later in Camp Dix, fulfilling a parental premonition.

Fine caused the arrest of Gooch, accusing him of the theft. Gooch was discharged at his preliminary hearing. Shortly after Gooch moved to Catoosa, an "officer" called at Gooch's home and forced him to give up a check for \$2,000 payment on which was later stopped at the bank.

Poles Are at Peace.

By the Associated Press

RIGA, Oct. 7.—Military operations between the Poles and Lithuanians have ceased, it was announced at Polish headquarters here today. This statement was made in connection with an announcement that the allied mission on the Polish Lithuanian question had arrived at Suwalki Wednesday.

Good Weather For Game

By the Associated Press

NEW YORK, Oct. 7.—Fair weather again greeted baseball fans early today for the third game of the world series between Brooklyn and Cleveland.

STATE POPULATIONS ANNOUNCED TODAY

By the Associated Press

WASHINGTON, Oct. 7.—The census bureau today announced the following states populations: Arkansas, 1,750,995, increase of 176,546, or 11.2 per cent. Virginia, 2,306,361, increase of 244,749, or 11.9 per cent. Florida, 966,296, increase of 213,667, or 28.4 per cent. Pennsylvania, 8,720,159, increase of 1,155,048, or 13.8 per cent. Michigan, 3,667,222, increase of 857,049, or 30.5 per cent. Iowa, 2,403,630, increase of 178,859, or 8 per cent.

\$12,000 LOSS BY FIRE

AT CHICKASHA

CHICKASHA.—Damage of approximately \$12,000 resulted from a fire which destroyed two large buildings on the Dave Hill ranch near Lucile, six and a half miles east of here. Spontaneous combustion is believed to have been the origin of the blaze.

Seventy-five tons of baled alfalfa hay, 600 bushels of corn, 1000 bushels of barley; a new threshing machine and other farm machinery stored in the buildings were destroyed. Neighbors who were attracted by the midnight blaze rushed to the scene of the fire but only were able to save some of the machinery.

Mr. Hill, a well known Grady county ranchman, carried no insurance on the destroyed property.

WHISKEY HAS BEEN TAKEN FROM BOND

By the Associated Press

WASHINGTON, Oct. 7.—In an effort to check illegal liquor sales, prohibition commissioner, Kramer has ordered withdrawal of whiskey from bond temporarily suspended from New York City and part of New Jersey.

Mr. Kramer disclosed today that the ban had been on for a month and that he had received a request from Major Dalrymple, district prohibition commissioner at Chicago, for an order of similar nature to be placed in effect in the Chicago district. He has not determined a policy for that section.

Weak Rural School's Make Application For Aid of State

Under the provision of Sec. 399, which was passed in 1919 whereby \$100,000 was appropriated to aid the weak rural districts, the following districts through this office have made application for the following amounts:

Consolidated No. 1, \$500; Bebee \$300; Center, \$500; Homer, \$500; Frisco, \$490; Rocky Chapel, \$220; Fitzhugh, \$500; Dolberg, \$500; U. G. D. No. 1, (Lula) \$500.

There are five other districts that voted the 15-mill levy that need state aid, but have not made application for it.

Last year this county received under this provision \$1,800 to assist the weak schools. In addition to this we also received \$6,357.85 from federal aid. You see from this statement that some of our schools need more money than they can raise by our present taxation. Then it behooves us to study the Oklahoma better school amendment, to be voted upon November 2. This county under this amendment would gain \$71,893, this would be \$6.34 per pupil. So every voter of Pontotoc county should vote for this amendment.—A. Floyd county superintendent.

Robinson Circus Coming.

The Yankee Robinson Big Three Ring Wild Animal Circus will exhibit in Ada Saturday, October 9.

In addition to the usual circus attractions there will be an athletic carnival headed by Young Hackenschmidt, "world's champion middle-weight wrestler, who will demonstrate how he conquered all contestants and issues a challenge to all the world, and a prize of one hundred dollars to anyone who can "stay" for 15 minutes.

There will be two performances, one at 2 p. m., and the final one at 8 p. m.

Among the offerings of a thrilling circus program are Alber's ten performing polar bears, Jules mixed group of lions, tigers, pumas, jaguars, leopards and hyenas, Captain Tieber's musical seals, Irving's riding lion and Holman's performing zebras, and the world's are to be seen with the Yankee Robinson circus. In addition to the only trained camels in the world are to be seen with the Yankee Robinson circus. In addition to the above features the Buchanan stable of blue ribbon winners under the direction of the world's greatest horse trainer, Mr. Max Sabel, will execute intricate feats and ball room dances never before attempted by other equines.

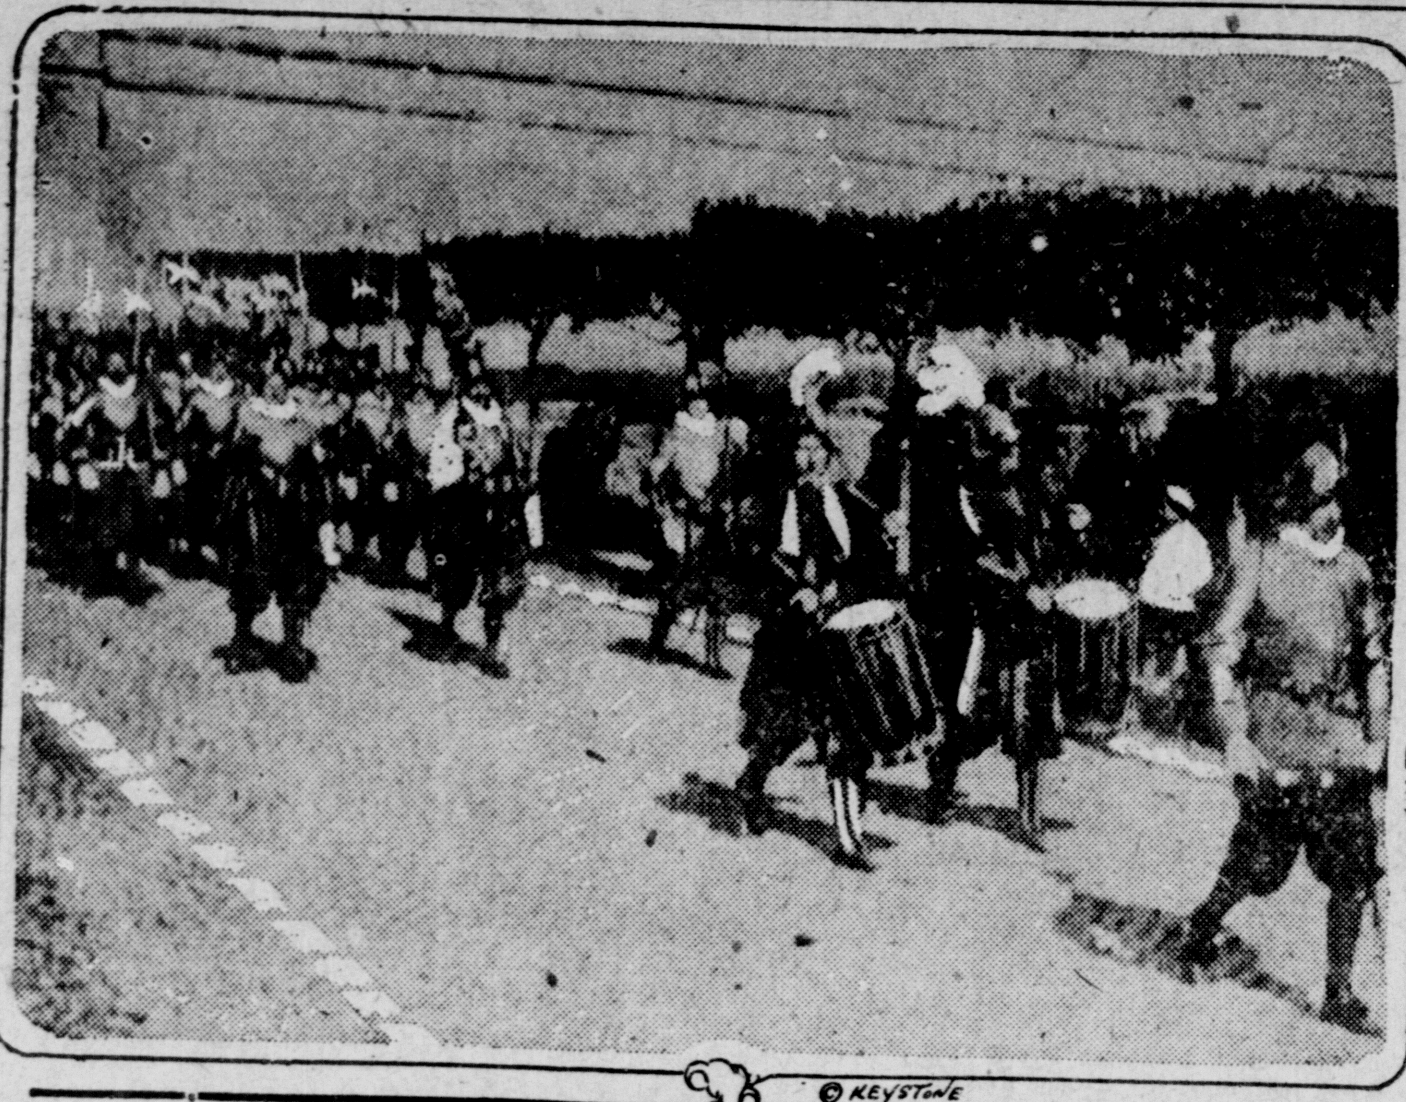

There will be thirty mirth-provoking clowns who will intersperse joy throughout the performance.

The engagement of the Yankee Robinson circus will be inaugurated with a free street pageant which will leave the circus grounds at 10:30 a. m., and will cover the usual down town route. A picturesque procession of unusual novelty is promised.

Working to Avoid Work.

The people of this country as a general thing are not at all overworked. What we need for a few years is not more spare time, but more work time. One-half the energy of the nation is expended in avoiding work instead of bending over the job.

Magnates And Ballplayers Must Hereafter Come Clean

By Norman E. Brown

Eight members of the famous Chicago White Sox ball club are under indictment charged with conspiracy to "throw" the last world's series.

Two of the men who, before the truth became known, stood out as two of the greatest players in the game, have confessed their guilt. They have implicated others.

The indictments have stirred up rumors regarding the sudden releasing of players in the past season or two under peculiar circumstances.

The action of the Chicago grand jury and the other scandals brought forth thereby have left baseball staggering—fighting for its life.

The one great sport that has been kept clean and above board has been placed under a cloud that threatens to smother it.

And unless all the men behind the game come to bat with all the knowledge at their command—unless the honest players in the game pinch hit for the sport—

The ball parks may just as well be closed up next year.

Pitiless publicity regarding all facts and rumors concerning alleged crooked players and "fixed" games is the only thing that will save the sport.

Owner Comisky of the White Sox has taken the right stand. He has laid all facts at his command before the jury. He knew he was wrecking his ball club, but is big enough to realize there is but one way to save the game—clean it.

He cannot turn the trick alone however. The other magnates must "come clean," too. The "white" players who have knowledge of their teammates' indiscretions or crookedness must step forward. The time for belittling reports of thrown games and "bought" players is past.

So is the time for confining the investigations of crookedness to private sleuthing by baseball officials or private detectives hired by the clubs.

So, also, is the time for simply releasing guilty or suspected players without stating the real cause of their departure.

It is up to the baseball magnates and square players to lay their cards on the table before the public.

For about a year we had heard reports that the 1919 world's series was not on the level—that some of the White Sox players "threw" the series and got pay for so doing. Most ardently did the baseball heads deny the rumors and try to

of these eight perhaps are innocent, but have vital testimony. That some other star players who have dropped out of the big

leagues in the last couple of seasons were allowed to give business reasons and "salary differences" as the cause when in fact they were really given the gate because of their connection with gamblers has now been begrudgingly admitted by the moguls.

The indictments of these eight men is not the astounding thing. The fact that the magnates were cognizant of and covering up such rotten conditions is the terrible part of it all.

The cause of the reticence of the majority of the club owners, has been their greed—their fear that exposures would wreck their teams and cut down their gate receipts.

In their blindness they couldn't see the final blow-off coming—the ultimate expose that would shake the game. As a result of this shortsightedness the game is now on the defensive and facing a final knockout.

The time has come for the moguls to 'fess up, tell the millions of fans the true state of affairs and let the bombs fall where they may.

The present muss must be cleared up. Baseball's life will hang in the balance until the cleaning is completed. And the best renovator is full publicity to all reports and rumors regarding players and gamblers suspected of trying to ruin the sport.

One thing is going to happen before April 21. Either baseball is going to be freed of crooked players and taken out of the clutches of the gamblers or it is going to die. Fans want to see it live.

Crap Shooters Lose When Dice Are Rolled in Court

CHICAGO.—His ability to handle dice cost a negro crap shooter and several friends \$1 and costs each recently when they were arraigned before Judge High Stewart.

"I saw a little chunky fellow peeping out between two tall ones, with a wide grin on his face," Judge Stewart said afterward.

"I motioned him to the bench and handed him a pair of dice captured in the raid. 'Can you shoot those?' I asked.

"Yes sir" he said, and then he demonstrated. He rolled an eight, a four and a six, and then seven. 'You lose' I decided, and fined all

gamekeeper \$25 and costs. "A report at the time stated I had shot craps with one of the men myself. I did not shoot craps with the prisoner, but did know enough about the game to know he lost when he rolled seven," the judge stated later.

S. M. BIXBY & CO., Inc., New York

OH, DEAR! MY BACK!

Merciful Heavens, how my back hurts in the morning! It's all due to an over-abundance of that poison called uric acid.

The kidneys are not able to get rid of it. Such conditions you can readily overcome, and prolong life by taking "Anuric" (anti-uric-acid). This can be obtained at almost any drug store, in tablet form.

When your kidneys get sluggish and clog, you suffer from backache, sick-headache, dizzy spells, or twinges and pains of lumbago, rheumatism or gout; or sleep is disturbed two or three times a night, get Dr. Pierce's Anuric, it will put new life into your kidneys and your entire system. Send Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., ten cents for trial package.

STROUD, OKLA.—"I suffered for a year with kidney trouble. I saw Dr. Pierce's advertisement and wrote for a trial package of 'Anuric.' It helped me so I went to the drug store and bought a supply of Dr. Pierce's medicines. The 'Golden Medical Discovery' and the 'Pleasant Pellets' cured me of bowel trouble, and the 'Anuric' of the kidney trouble and rheumatism. DR. ROWE IS NEW DIRECTOR

Succeeds John Barrett, Who
Retires After Fifteen
Years Service.

By the Associated Press
WASHINGTON, Sept. 3.—Dr. L. S. Rowe today assumed the directorship of the Pan-American Union, succeeding John Barrett, who retired after 15 years' service as directing head of the union. The transfer of directorship took place in the presence of members of the Latin-American diplomatic corps, Secretary of State Coby and other high officials of the United States government.

The new director in formally accepting the office declared that his policy would be to foster a "smoothly operating international organization that makes for mutual confidence, good-will and above all, for the maintenance of peace."

"In entering upon the duties of director-general of the Pan-American Union," said Doctor Rowe, "I desire to avail myself of the earliest opportunity to say that my major purpose will be to subserve the same great international purposes that have guided my distinguished predecessors. During the last 15 years Mr. Barrett has performed such conspicuous service to the cause of continental solidarity that the Pan-American Union has come to occupy a high place in the estimation of all the nations of America. Through his efforts, the unity of purpose of the peoples of America has been strengthened and they all owe to him a very real debt of gratitude."

"Mutual service is the very cornerstone of the Pan-American movement and this same idea of service permeates and vitalizes the work of the union. Everyone connected with the organization is constantly seeking new opportunities for service and usefulness. This great international institution is the center to which the governments and peoples of the American republics turn for information. Through its agency, the fog of distrust, due to lack of acquaintance with one another, is being rapidly dispelled. The essential unity of purpose and unity of ideals of the republics of America are, with each year, becoming more evident. In this unity of purpose and of ideals there is involved a great world mission—an example of a smoothly operating international organization that makes for mutual confidence, good-will and above all, for the maintenance of peace."

"In carrying forward the work of the union, it will be necessary to have the earnest co-operation, interest and support of the leading men and women of all the republics of this continent and I earnestly hope that I may be assured of this indispensable requisite for the solution of the many important problems confronting the Pan-American Union."

Doctor Rowe enters upon the duties of director-general of the union with an intimate knowledge of Latin-American affairs, having served as head of the state department's division of Latin-American affairs for some time and previous to that having been a member of various commissions for the study of Latin-American subjects. During the world war, Doctor Rowe was an assistant secretary of the treasury. He was secretary of the second Pan-American financial conference, which met in 1915, and of the International High Commission, an organization of Latin-American republics. Doctor Rowe has received degrees from a number of South American universities.

PARIS 'BLUEBEARD' SAID TO HAVE KILLED ELEVEN

By the Associated Press
PARIS, Sept. 29.—The "preliminary investigation" in the case of Henri Landru, whom the police refer to as the Gambais Bluebeard and hold responsible for the disappearance of eleven women to whom he had promised marriage, has just been concluded. It lasted eighteen months.

All the documents in the case, amounting to over five thousand, have been turned over to the prosecutor general of the republic by Judge Bonin, who conducted the preliminary investigation. The judge immediately left for a delayed vacation. He was accompanied by the road wishes of Landru, who told the judge that it had been a great comfort to him to make his acquaintance and that he hoped the feeling was mutual.

Landru has constantly refused to answer the questions of Judge Bonin and has made the investigation as difficult as possible for the magistrate.

It is the feeling in court house circles that the case against Landru is weak and much doubt is being expressed as to the chances of murder against him. The eleven women have simply vanished into thin air. The "corpus delicti" is lacking in the case. Bones were found in the villa occupied by Landru at Gambais and the prosecution will contend they are human bones but the defense will call experts to swear they are rabbit, lamb, and dog bones.

The saddest words of tongue or pen are these: "When will things come down again?"—Manila (P. I.) Bulletin.

THE TOWN GOSSIP

FOOD COMMISSIONER.

WASHINGTON, D. C.

DEAR COMMISH:

A DAY or so ago.

THERE WAS another piece.

IN THE papers.

SAYING THAT groceries.

AND VARIOUS other articles.

THAT WE have to buy.

FOR THE sake of our stomachs.

WERE ON the toboggan.

AND THAT prices.

WERE GETTING much lower.

AND I read the article.

AND BEAMED with satisfaction.

AND THAT there "beaming."

IS ONE of the best things.

THAT I do.

AND I was glad.

THAT THE price of food.

WAS GOING to drop.

AND THAT things.

WERE GETTING cheaper again.

AND THIS morning.

WHEN I went.

TO THE postoffice.

I FOUND a letter.

FROM OUR grocer.

AND IT was his bill.

FOR THE past week.

AND BEFORE looking at it.

I RECALLED the articles.

IN THE newspapers.

AND I prepared.

TO BEAM some more.

AND THEN I looked at it.

AND IT was three dollars more.

THAN THE bill.

OF THE previous week.

AND I couldn't work up a beam.

TO SAVE my life.

AND I was talking.

TO GEORGE Taylor about it.

AND HE said.

HE HAD the same experience.

AND DEAR Commish.

I DON'T like to worry you.

ABOUT FOOLISH things.

BECAUSE I know you're busy.

BUT JUST the same.

I WANT to say.

ON BEHALF of Taylor.

AS WELL as myself.

DON'T ISSUE any more reports.

ABOUT THE price of food.

GETTING ANY lower.

BECAUSE IF you do.

WE'LL ALL go broke.

AND PRICES.

WILL KEEP on climbing.

AND THERE'S no telling.

WHERE THINGS will wind up.

I THANK you.

ADVISES FARMERS TO HOLD THEIR COTTON

OKLAHOMA CITY, Oct. 7.—The last two weeks in Oklahoma have been excellent for harvest as well as hastening the ripening of late crops. This was reported today in the first issue of the Oklahoma Farm News, published by the state board of agriculture. Practically all late corn is safe from damage by an early frost, according to the board, and is being shocked as fast as conditions will allow.

Probably one-half of the wheat sowing has been completed and the remainder is being done rapidly. Cotton is opening fast on the uplands, but more slowly in the bottoms, due to the rank growth.

Livestock, according to the board, is not so fat as it was before the appearance of the stable fly.

John A. Whitehurst, president of the board, again advised farmers to hold their cotton rather than sell at prevailing prices.

"Prices for low grade cotton now will not pay the cost of production and unless there is a strengthening of the market farmers will leave such cotton in the fields," he said.

"Nearly one-fourth of the crop will be low grade cotton, which will not bring the farmer what he paid out for it at present prices."

A serious shortage exists in Oklahoma with the depleted condition of stock, hogs and cattle, the board's publication continues. An appeal for cotton pickers also is carried.

THREE NEGROES ARE LYNCHED BY MOB

McLENNY, Fla., Oct. 7.—Three negroes were lynched here Monday night by a mob which forced an entrance into the Baker county jail. The negroes were Ray Fied and Ben Givens and Milton Smith, who were arrested Sunday in connection with the murder Saturday night of John Harvey, white, one of the leading farmers of the county.

Another negro, Jim Givens, brother of two of the men lynched last night, is said to have done the shooting and the other three were with him at the time. Givens has not been apprehended and a posse is continuing a search for him.

Jews of Palestine to Have Government of Their Own

By the Associated Press.

NEW YORK, Oct. 7.—The first Jewish Constituent assembly of Palestine convened in Jerusalem today according to advices received at the headquarters here of the Zionist Organization of America.

Although the labor element in the assembly has a majority, no ultra-radical legislation is expected the advices stated, the national radical party being moderate and the "capitalist" group favoring modern social innovations. Women delegates took their seats notwithstanding orthodox protest, the advices added. The assembly has the sanction of Sir Herbert Samuel, British high commander to Palestine.

In the elections held last April, not only did many women vote but several were elected as delegates, including two from Petach Tikvah, oldest Jewish agricultural settlement in Palestine.

The national radical party, according to the Zionist organization favors development of co-operative societies as well as encouragement of private initiative. The "Ezra" or "capitalist" group, favors profit-sharing and other modern social innovations. All parties recognize the sovereignty of the Zionist organization, it is said, some even proposing that it shall have veto power over all legislation adopted by the assembly.

RACE RIOTS ARE NOW THREATENING STATE OF FLORIDA

MacCLENNY, Fla., Oct. 6.—MacCleanny was quiet early today following the lynching here yesterday of three negroes and the shooting to death of a farmer. Further trouble was feared in the event of the capture of Jim Givens, who shot and killed John Harvey, farmer, Saturday night. Posses late last night were on the trail of Givens and it was believed his apprehension was only a matter of hours. Harvey was shot and killed at a turpentine camp about ten miles northeast of here. The three negroes lynched were implicated, it was said.

"Who Will Buy My Dates?"

You have heard of the Oriental Bazaar. Perhaps you have seen it. Everybody in the city or village with anything to sell takes his wares to the bazaar and cries for buyers. The gardener with his vegetables, the herder with his goats, the old woman with a basket of fowls, the rug dealer, the fruit grower with dates and figs. There is much picturesque-ness along with clamor, confusion, dirt and endless wastage of time.

In our American cities, the advertisements in the daily newspaper take the place of the ancient bazaar. Whoever has something to sell can tell you of his good and where to find them directly. Whatever you want to buy, you can read of it in advertisements, and go straight to the place where it may be seen. Clear and truthful advertising make it safe to order by telephone and avoid leaving your home at all.

Make it a practice to read the advertisements. They are the great bazaar of modern civilization. They are your source of information by which wise buying is accomplished.

THE LAW OF RETALIATION

Like attracts alike!

We see concrete evidence of this principle in every act and in every thought. Failure attracts failure while success attracts success.

All down the ages the philosophers, seers and prophets have told us of this law, but generally they have stated it in axiomatic terms which have seemed to us abstract and more or less in the nature of preachments.

If you want evidence that such a law really exists, criticize the preacher, the lawyer, the doctor or the average layman and see whether he retaliates in kind or not.

Reverse the rule and speak in complimentary terms of one of these and see whether or not he responds in kind.

The tendency of the human mind is to "strike back." If you present your neighbor with a gift he sends something in return; but if you slander your neighbor he likewise slanders you in return.

If you hate the world it hates you in return; but if you have learned to forgive and forget, your shortcomings will likewise be forgiven and forgotten.

"Whatsoever a man soweth, that shall he also reap."

If you wish to enjoy an unusual experience, send Christmas or birthday cards to all whom you dislike and whom you believe dislike you. Write some appropriate little message on each, and dismiss all feeling of hatred which you have been harboring in your heart. Your action will be more than likely to convert your enemies into friends. You can induce people to act toward you as you wish them to by taking the lead, through the Law of Retaliation, and setting whatever example you wish them to follow. Try it. You'll never regret it.

FINANCIAL SUCCESS DANGEROUS

Financial success brings power, and power is a dangerous thing to those who have not learned how to use it justly and wisely.

Great financial power has a decided tendency to develop intolerance and disregard for the rights of others.

When you begin to succeed financially you will need to watch your step more closely than ever before.

Financial success too often smothers the finer impulses of the human heart, and leads a person to the worship of the god of Mammon!

It is the exception and not the rule when a man who accumulates great financial power without having tasted liberally of the dregs of poverty, uses that power wisely.

Real success cannot be measured in dollars! It is something which can be measured only by the quantity and the quality of service which one renders for the good of others.

If financial power takes away the desire to render useful service, then it may be properly interpreted as failure instead of success.

We do not know for sure, but we strongly suspect that the only real success is that which brings happiness to oneself and to others. We also suspect that the only sure means of attaining happiness is through some sort of useful service which helps others to find happiness. Financial power does not always do this.

Watch your step as you begin to accumulate more money than you need for your daily use. Take care that it does not blind your eyes to the one sure pathway to real success, which is the performance of useful service for the good of humanity.

A DEFINITE AIM IN LIFE

Careful analysis of more than ten thousand people disclosed a remarkable weakness which ninety five per cent of them had in common—

—they had no definite aim in life!

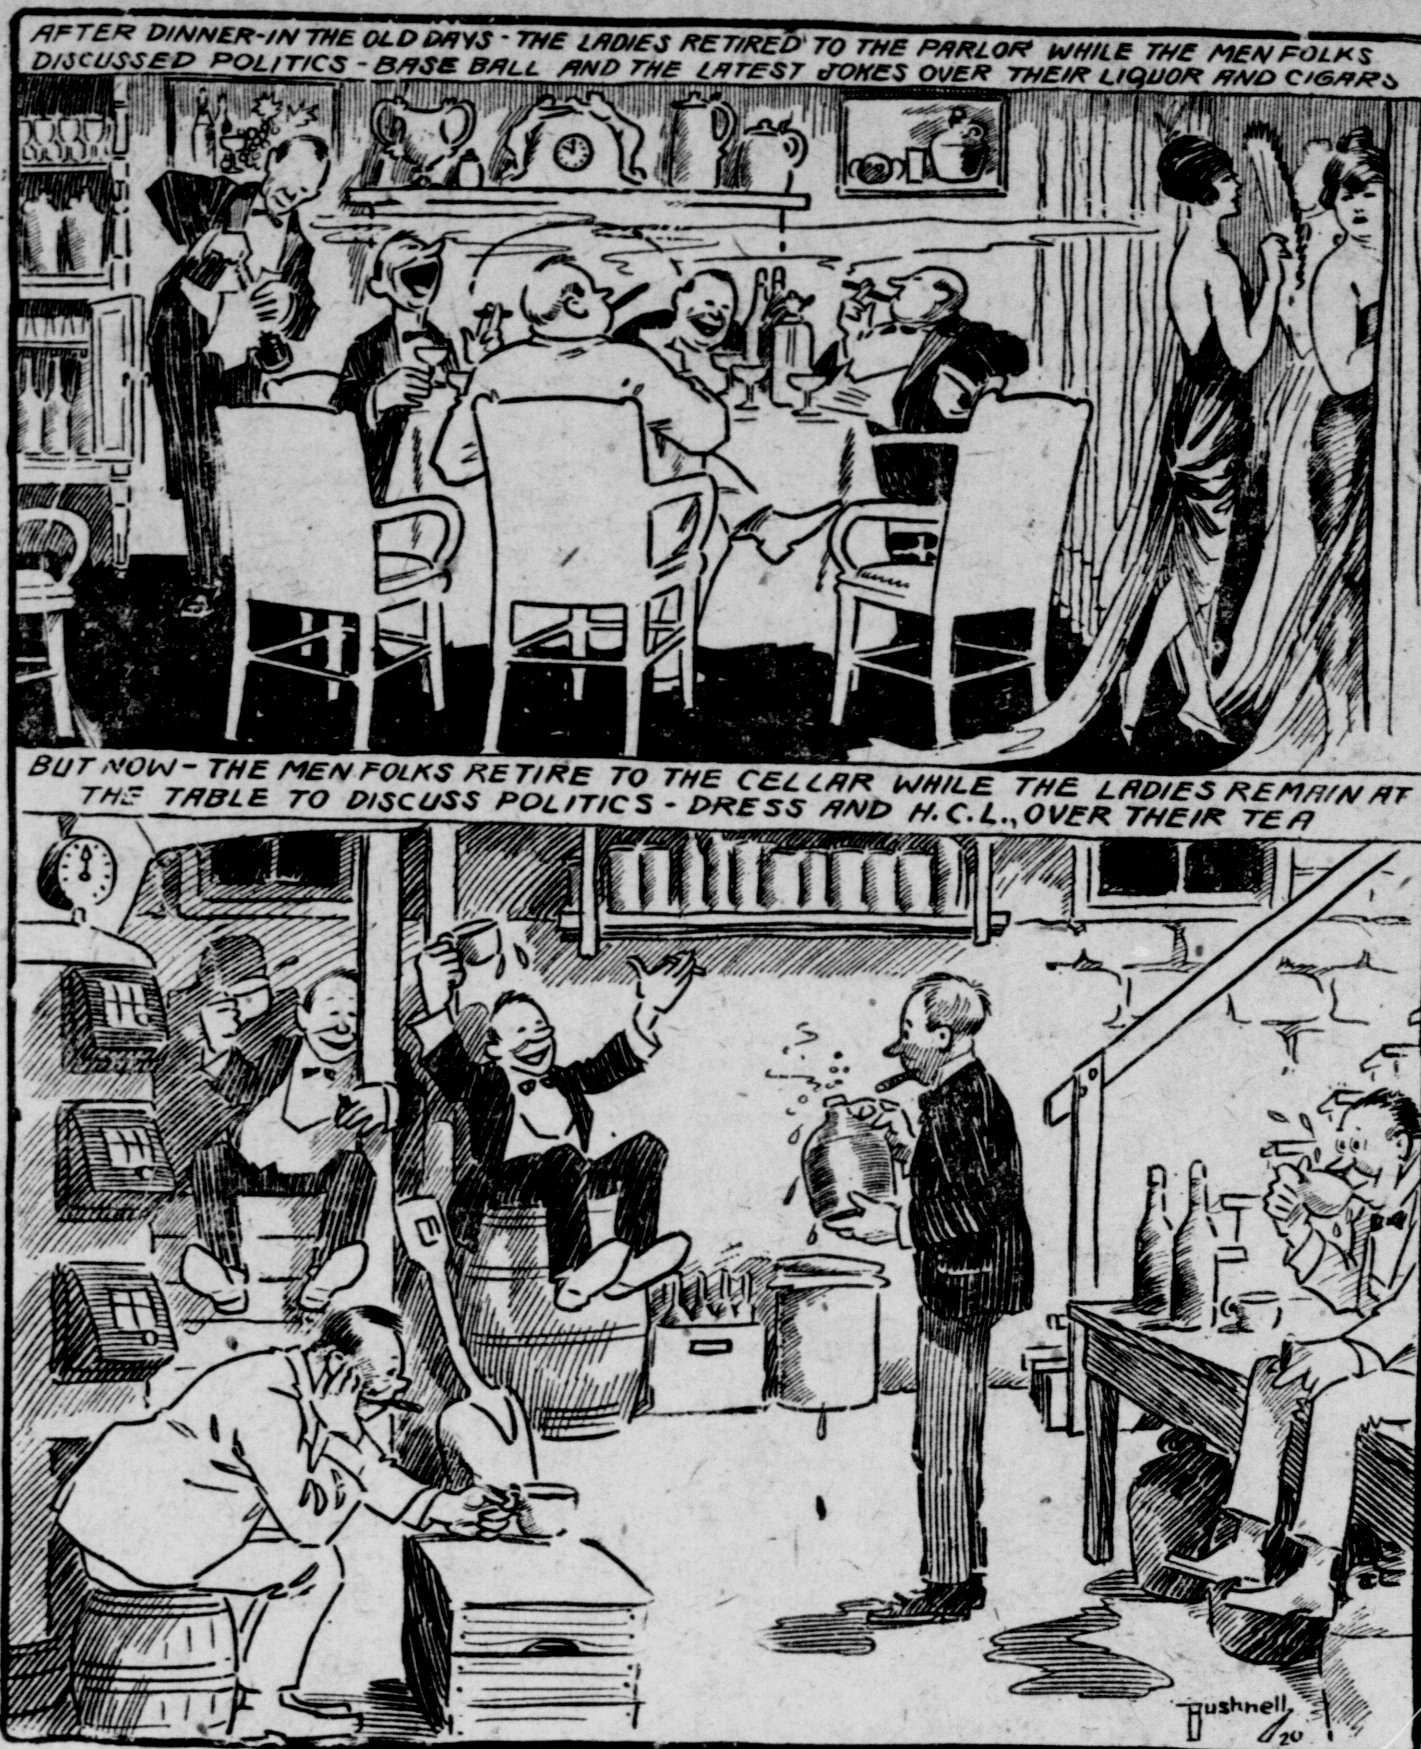

Another notable fact disclosed by these ten thousand analyses was that those who were financially successfully had a definite aim and a well formulated plan for achieving it.

As far as this writer has ever been able to ascertain, there are two steps which every successful person must take; first, he must formulate a very definite aim as an objective for which to strive, and secondly, he must reduce that aim to a concrete plan.

If you wish to witness a miracle which will equal anything that happened during biblical days, write out on paper a clear, concise statement of your aim in life, then memorize that which you have written.

Each night, just before you go to sleep, repeat your definite aim aloud several times, then during the day, do everything within your power to further the achievement of that aim. In a short time the forces of the whole universe will seem to conspire to the end that you may realize your aim. Try it, doubting brother, try it.

THE 18TH AND 19TH AMENDMENTS BRING SOME RADICAL CHANGES

State Press Comment

Miami News: If winter lingers in the lap of spring, summer is a hussy, too, and frequently vamps autumn.

Pawhuska Capital: Some of the folks who are after the earth must feel chagrined when they are told it is only a little fellow among the planets.

Miami News: Prosecuting sounds a little like price-cutting if you say it fast. But it's doubtful if talk of the first had much to do with the second.

Oklahoma News: Liquor smuggled from Mexico is selling for \$45 a quart in the oil fields. This explains why it was necessary to sell so much oil stock.

Vinita Journal: It would seem that all movie actors don't have their pockets lined with money. A movie actor who committed suicide in New York had one penny in his pocket.

Hobart Republican: If some wizard should invent a device by which the wood could be burned out of some people's head without destroying the ivory, he would be a benefactor to mankind.

Vinita Journal: Jobs are getting scarce in the cities the dispatches say and yet it is a hard matter to get workmen to leave the city for work in the small towns and rural districts. Instead of feeding the men who insist on staying in the cities they should be made to take jobs in the country or put on the MacSwiney diet.

Daily Ardmoreite: Horace Greely advised all young men to "go west and grow up with the country." Should he follow the example set by his party, we suppose Mr. Harding would advise, "Get the money, young man, get the money while getting is good."

Daily Ardmoreite: Wire news says that restaurants in the larger cities have reduced the price of steaks 50 per cent. We wonder if there would be any chance to have some of these reductions shipped to Ardmore. Not the reduction on the size of steaks, however, we already have that.

Rosedale Cemetery Association Is Active Again

After a summer vacation, the Rosedale Cemetery association met October 6 to resume its activities. The members who were present were ready and anxious to take up the work. Sufficient funds are on hand to gravel the main driveway, and this work will begin at once. In order to raise additional funds for making such other improvements as painting the fences, planting trees, etc., the association announces that it is planning to serve a Thanksgiving dinner, and an invitation is extended to the public to dine with them on that day.

To Present Play At First Bap'ist Church Tonight

The attention of the public is again called to the play, "Ann of Ava," to be given this evening at the First Baptist church under the auspices of the Y. W. A.

These young people have devoted quite a bit of time to rehearsing this play and they are exceedingly anxious to have a large attendance.

The play is historically true and deals with the courtship of Ann Hasseltine and Adoniram Judson, their marriage and their experience in far away Burma, where they have gone to give their lives in sacrificial service to the cause of Jesus Christ in heathen lands.

The public is cordially invited. There will be no admission, no collection.

OLD SOUTH VETS. DANCE VA. REEL

Grand Ball Feature of the Opening Program at Houston.

HOUSTON, Texas, Oct. 6.—The reunion of Confederate veterans was opened formally here today with two sessions at which Gov. W. P. Hobby of Texas, Mayor A. E. Ammerman of Houston and representatives of Texas veterans and members of affiliated organizations extended a welcome to the visiting soldiers of the Civil War.

The city auditorium, with a seating capacity of 7,500 persons, was filled to overflowing, many veterans failing to get inside the building for the meeting. As one observer expressed it, the ranks of the old soldiers seemed to be increasing rather than thinning.

Simultaneously with the sessions of the veterans, the Sons of Veterans and the Southern Confederate Memorial association held business sessions and several social functions were held for visiting women.

A movement was on foot tonight to re-elect Gen. K. M. Van Zandt of Fort Worth, Texas, commander in chief of the veterans, although he has said he would not be a candidate. In the event he is not nominated, Arkansas delegates said Gen. Virgil Y. C. Cook of Batesville, Ark., commander of the trans-mississippi department, will be placed in nomination. Friends of Gen. Julian S. Carr of Durham, N. C., commander of the department of the army of North Virginia, stated that they would make an effort to bring about the election of General Carr if General Van Zandt is not re-elected.

Next year's reunion city also will be selected in the afternoon. Little Rock, Ark., and Savannah, Ga., having been mentioned as probable candidates for this honor.

At the meeting of sons of veterans today, speakers urged that the organization take steps to bring about the use of histories which would bring out the attitude of the

south just prior to and during the Civil War in a way they would consider fair to the leaders of the cause of the Confederacy. A movement also was started to have the organization endorse a trans-continental highway through the southern part of the United States to parallel the Lincoln highway and to be called the "Jefferson Davis highway," and to bring about recognition of leaders of the Confederacy during the Civil War by the inscription of their names in an amphitheater in Washington for which congress has appropriated \$1,000,000.

Baptist Boys Are Entertained.
The boys of class number fifteen of the First Baptist church were entertained last Thursday night at a party given on the church lawn. The evening was spent in playing various games and the boys enjoyed themselves very much. The feature of the evening was a pie eating contest and some speed was shown by many of the boys. Edwin Canterbury proved to have greater ability at eating pie than the others however, and was awarded the prize.

After the boys had enjoyed themselves for about two hours they were served waffles and hot chocolate. Those present were Julian Riddling, Edwin Canterbury, Russell McAlester, Billie Kerr, Carl Spangler, Renfro Herndon, R. A. Herndon, Leola Smith, Eunice Payne, Donald Withnott Charles Perry and Glenn Potts. Mr. Miller scout executive was invited as a special agent.

Surprise Party.
A surprise party was given in honor of Miss Jewell Crumley by her friends last Friday night. Much fun was had during the evening playing games and making cany. So much interest was manifested in the playing of these games that it was a very late hour before the guests realized that it was time to leave for home. All declared that a most enjoyable time was had and Miss Crumley wishes to thank her friends for their generous thoughtfulness. Those present were Misses Nema Simerly, Sammie Bentley, Mabel Eaton, Katherine Stone, Irene Walker, and Messrs Robert Moore, Arthur Harrison, Jossie Hougues, Tony Richardson, Cecil Richardson and Berl McKeel.

Miss Chilcutt Entertains.
The beautiful home of Mr. and Mrs. M. R. Chilcutt was opened to a host of Miss Wilma's friends on Saturday evening at 8 o'clock. Various games were played throughout the evening and delicious refreshments of jello and cake were served. At 10 o'clock the guests departed saying that they had spent a very enjoyable evening, after which they were taken car riding.

Rosedale Association Meeting.
The Rosedale Cemetery association met in regular session yesterday afternoon at the Criswell Undertaking parlors. Mrs. S. P. Ross, president, presided at the meeting. The purpose of the meeting was to work out plans for the fall work and several committees were appointed. Other important business matters were taken up. The association also decided to give a big Thanksgiving dinner on the coming Thanksgiving to its members. No date was set for the next meeting.

Personal Mention.

Clo Hardin has returned home after visiting several days with her sister, Mrs. Bob White at Chickasha.

La Ruth and W. C. Lindsay, who have been very ill the past two weeks, are able to be up today.

The Ada Music company reports a large sale of tickets for the Anna Case concert to be given here on the 13th of this month. From present indications the concert will be a big success.

C. C. Threlkeld of Los Angeles, Calif., arrived in Ada yesterday. He is a former citizen of the county, having run a business at Center and one at Oakman about eighteen years ago. He has several relatives and many friends in this city who are pleased to see him after so long an absence. He is in Oklahoma looking after oil interests and will leave tomorrow night for various points of the state. He is in the banking business in the west.

We are using a loud needle to-day

Because we want our record heard in every living room in the city.

Last April we inaugurated a policy of taking smaller profits on all sales.

Today that stand has made us famous—given us more business than we ever dreamed of—placed our name high in the annals of community sentiment and held down the prices of Men's Clothing by making it hard for competition to compete with us—unless they played fair with you. We have accomplished what we set out to accomplish—but instead of the success going to our heads it has gone to our hearts.

People of Ada, the values you see here today not only back up our record—they embellish it.

This is your store that's speaking—YOURS from the time we dust up in the morning until we dust out at night.

NEGROES CLASH WITH WHITE TROOPERS

LEAVENWORTH, Kan., Oct. 7.—Three men were injured severely early Tuesday in a fight between about 300 white and negro soldiers stationed at the local military establishment, according to an announcement today. At the army hospital it was said that the injured, two white soldiers and one negro trooper would recover.

The fight is said to have started last evening when a negro soldier pushed a white one off the sidewalk of a downtown street. Later the disturbance became general and continued until about 3 o'clock this morning. White soldiers raided a pool hall and obtained billiard cues with which to carry on the fight. The disturbance was not quelled until the provost guard was summoned from Fort Leavenworth.

The white soldiers involved, military authorities said, are a part of the regular garrison of the fort. The negroes are members of a service battalion attached to general service schools.

"Cincy" Is Happy To Help Make Good Americans

CINCINNATI, Oct. 6.—Two years of splendid work in the making of Americans will be celebrated by the Americanization executive committee of Cincinnati on Thanksgiving day, at the city's "Plymouth Rock" of the foreign born, American house. The second anniversary program will be under direction of Dr. John L. McLeash, head of the house.

The American house is said to be among the most efficiently organized institutions of its kind in the nation and it has turned the admiring and envious attention of many of the cities of the country toward Cincinnati. The foreigner learns here not only the language but the institutions of his adopted America and first people of the city call to talk to him about himself and his ambitions.

To every foreigner is extended the helping hand in numerous advantages of citizenship education, entertainment and social privileges. The motto of the American house, as coined by Dudley C. Outalt, of Cincinnati, is "he may not understand our speech but he will understand our smile," and it is said it has done more to win real Americans from the ranks of the immigrants than other agency in the city. The Americanization committee is made up of a federal judge, the city superintendent of schools and a number of leading lawyers and business and professional men of the city.

AIRPLANES TO GUARD AGAINST FOREST FIRES

By the Associated Press

WASHINGTON, Oct. 7.—Airplane forest patrols in California were able recently to reach the scene of a fire forty-five hours sooner than they had proceeded by train and pack mule, a report to the army air service shows. An aerial observer spotted the blaze in Lassen forest while all foresters were engaged in fighting another fire in the Merced forest. Planes picked up the fire-fighters in the Merced zone and rushed the Lassen fire.

"In three hours," says the report, "the fire fighting personnel was on the job fighting the flames, whereas, had they proceeded by train and pack mule, forty-eight hours would have been consumed."

"The day will come when and equipment will be carried by airships to the scene of fire, both men and equipment dropped by parachute, while the airship will rain down fire extinguishing chemicals from above."

"Know Your Business"

James L. Dalton, founder and head of the Dalton Adding Machine company, once said to his sons: "I may not leave you much of this world's goods, but I want to give you something of more value than any material legacy. I want to leave to you just three words which I hope you will never forget. KNOW YOUR BUSINESS!"

The mountain trail taken by this barefoot boy of the Ozarks led him to Doniphan, Mo., by way of St. Louis. Then came hard, impecunious days as an untutored greenhorn in a store, his ignorance made the butt of practical jokes who, in the guise of customers, asked him to serve them with articles never dreamed of even by an Edison.

"That taught me my first real lesson in business," declares Mr. Dalton. "I then and there realized that I couldn't get anywhere unless I learned my business."

"How did you manage to build up such an enormous business in such a small town?" I asked. "What were some of the methods you employed?"

"I acquired the reputation of knowing my business," was the reply. "Success depends, first, upon

knowledge and then upon effort. I put knowledge first," says Mr. Dalton.

"I lived for that store. It was my dream. It was my lifework. I thought of nothing, longed for nothing beyond it. I was absolutely in my element."

Today he has 120 offices in the United States, more than thirty in Canada, almost twenty in South America, and about fifty in Europe, supplying the civilized world with the machine he invented. His plans call for sales of \$12,000,000 a year. His is the second largest enterprise of its kind in the world.

"HAPPINESS" BREAKS UP ONE HAPPY HOME

SPOKANE, Wash., Oct. 7.—It was the play, "Happiness," that broke up the Barney home here. So I. Barney and his wife, Letha Barney, testified in divorce court. "We had our first scrap over that play," says Barney, "and Judge Blake declined the decree."

O.F.S. HOW ONE WOMAN Puts 'Sunshine' In Oklahoma Farm Homes

MABEL BATES WILLIAMS

HAPPINESS breeds prosperity on the farm. Wherever you find a farm home with modern conveniences, music, books and social life, there you will find a happy, contented family, producing better crops and livestock, earning and spending more money. The success of the farm therefore depends greatly on the cheerfulness of the farm home. And farming is the foundation that gives stability to Oklahoma's progress and development.

One woman does more to put "sunshine" into Oklahoma farm homes than all other agencies combined. She is Mabel Bates Williams, editor of "Good Cheer", the home department of The Oklahoma Farmer-Stockman. She is known and loved throughout Oklahoma for her sympathetic helpfulness in raising farm home life to a dignified, contented, comfortable plane, helping stop the townward movement which is draining the farm of its boys and girls.

Better sanitation, labor-saving conveniences in the home, community, social life, educational advantages and training that will teach children the dignity and desirability of farm

life are some of the attainable ideals of farm women which Mabel Bates Williams discusses in a friendly, neighborly fashion through her "Good Cheer" department. Is it any wonder that her readers love her? And delight in her simple philosophy of cheerfulness?

What a powerful influence for good she must exert on rural home life in Oklahoma! How the farm family must welcome each copy of The Oklahoma Farmer-Stockman carrying her glad messages of "Good Cheer."

Can the editorial supremacy of The Oklahoma Farmer-Stockman be more conclusively demonstrated?

Mr. Merchant, manufacturers of the merchandise you sell are capitalizing this influence by advertising to your farm customers in The Oklahoma Farmer-Stockman. You can profit by it, too, if you will stock this merchandise, suggest it to your customers, display it prominently in store and windows and mention it in your local advertising.

Shoo's Girl and Leaps to Death
PITTSBURGH, Pa. — William Brooks, butcher, committed suicide here recently after Miss Jane Walker rejected his advances, by leaping headlong from the car she was driving.
Miss Walker, suffering from bullet wounds which, she said, Brooks inflicted when she refused to yield to him, was in a serious condition in a hospital here today. Brooks shot her twice, she said.

HOW DOCTORS TREAT COLDS AND THE FLU

First Step in Treatment Is a Brisk Purgative With Calotabs, the Purified and Refined Calomel Tablets that are Nausealess, Safe and Sure.

Doctors have found by experience that no medicine for colds and influenza can be depended upon for full effectiveness until the liver is made thoroughly active. That is why the first step in the treatment is the new, nausealess calomel tablets called Calotabs, which are free from the sickening and weakening effects of the old style calomel. Doctors also point out the fact that an active liver may go a long way towards preventing influenza and is one of the most important factors in enabling the patient to successfully withstand an attack and ward off pneumonia.

One Calotab of the tongue at bed time with a swallow of water—that's all. No salts, no nausea nor the slightest interference with your eating, pleasure or work. Next morning your cold has vanished, your liver is active, your system is purified, and you are feeling fine, with a hearty appetite for breakfast. Druggists sell Calotabs only in original sealed packages, price thirty-five cents. Your money will be cheerfully refunded if you do not find them delightful.—(Adv.)

MILLIONS WON AND LOST ON TURN OF CARD

By the Associated Press
PARIS, Oct. 6.—Millions of francs were won and lost across the baccarat tables and the roulette wheels in a frenzy of gambling for stakes hitherto unknown in France during the season which is drawing to a close at Deauville.

Foreigners have been conspicuous in keeping the croupiers busy passing stakes over the green carpets. Mr. Vagliano, a Greek ship owner, according to L'Avenir, won 3,600,000 francs at baccarat in a sitting of three hours and a half at Deauville recently. On the other hand, an American, whom the newspapers refer to as the "Tobacco King" is said to have dropped 1,500,000 francs between midnight and daybreak one night during the past week.

"Oh, pshaw! it only means a little over \$100,000," he is reported to have told a consoling piker.

But the most extraordinary player of them all is a young Cuban, a sugar grower of Havana, who is said to have won about 5,000,000 francs after losing 3,500,000 in August. "Whether winning or losing, his face never gives him away to his opponents and his manner of dealing reminds one of a cat gently stretching out its paw," a

French theatrical manager just returning from Deauville told journalists.

Gasoline Prices and Service

If we handled gasoline on a commission basis, rather than buying and equipping a modern Service Station for your convenience, we might sell it for a trifle less.

If you have tried us you can appreciate what our service means and it cost money to maintain it.

Don't you prefer it when the difference in price is so small?

Don't Be Content with "Hobson's Choice!"

More than a hundred years ago, Toby Hobson of Cambridge kept the only horses for hire in town. But his customers had no choice save to take the horse nearest the door, whether little or much to their liking.

So "Hobson's Choice" has come to mean: "Take this or none!"

Today, through the advertisements in this and other papers, you have all the world to choose from. Yes, through Advertisements the world comes to your door with its wares. Advertisements give you the opportunity for comparison and selection of almost anything you want or need.

Advertisements are an accurate index of what other people are buying, selling, wearing, eating, doing, learning; of what the world is accomplishing and how, where and by whom it is being accomplished.

Form the habit of reading advertisements just as regularly as you read the front page. You will find it profitable and mightily interesting as well.

FERRIS BLAMES REPUBLICANS FOR FARMERS' LOSS

Says 'Senatorial Oligarchy'
Is Responsible for Drop
of Farm Products;

EUFULA, Oct. 6.—Responsibility for the drop in the price of cotton, corn and other farm products was placed directly upon the shoulders of the "senatorial oligarchy" headed by the twin agents of the predatory interests—Senators Penrose and Lodge—by Scott Ferris, democratic candidate for the United States senate, in a stirring address here last night before a large and enthusiastic crowd of voters which included a large number of women.

"When the farmer sells his cotton and corn at a price less than the cost of production, he should place the blame where it belongs—upon Senator Lodge and his compatriots, who for purely political reasons, made the league of nations the football of politics," Ferris declared.

"The report of the National City bank of New York," Ferris pointed out, "elites a reduction in exports as the reason for the drop in prices. We are still at war with Germany and Austria-Hungary, and as far as our commercial relations with the new republics of Europe are concerned, we are in truth isolated. We have no trade agreements with these countries. It must be remembered that two-thirds of our cotton was purchased from us by Germany, Austria-Hungary and the other European nations. By turning their backs on our allies and refusing to join them in a world movement to promote peace and prosperity, Senator Lodge and his coterie of reactionaries closed the markets of the world to the farmers of the nation."

This afternoon Ferris addressed a large and enthusiastic meeting at Checotah.

Much Interest In Shrine Ceremonial Staged for Oct. 28

A great deal of local interest is being manifested in the big Shrine ceremonial being arranged by the nobility of Ada and to be held at Sulphur on the evening of October 28.

Ada has a real live candidate for the ring in the person of A. W. Parker, a local traveling man who has a host of friends not only in this county, but in the counties adjoining. His strongest opponent, probably, is Charles L. Turley of Madill, who is putting up a strenuous campaign and who seems confident of success.

Mr. Turley, it is understood, has met with some misfortune in the conduct of his campaign in that his position on the prohibition question has been misrepresented to some of the ministers within the jurisdiction of India Temple.

Rev. C. C. Morris, pastor of the First Baptist church of this city has received a letter from Mr. Turley, however, which seems to set forth his position clearly, the publication of which will probably clarify the atmosphere. The letter in question will be published in tomorrow's News in justice to Mr. Turley.

"The Courage of Marge O'Doone." If it is a genuine, tingling thrill you hunger for—some rare, red-blooded adventure, cut in huge chunks from the flanks of life in the raw; spiced with romance and sprinkled throughout with suspense, or in plain words, you are looking for the prize photoplay of the season, the one that has all the zip and zest that you have looked for so vainly, your hunger will be satisfied on tomorrow when "The Courage of Marge O'Doone" will be shown at the McSwain Theater.

"The Courage of Marge O'Doone" was written by James Oliver Curwood, one of the most popular of present day novelists. It has been made into a big special production by Vitagraph with a star cast of well known players, headed by Niles Welch and Pauline Starke. It is a big, dramatic, fighting photoplay story. The arena of action is that most thrilling, vigorous and romantic of all the world's stages the wild, white wastes of the frozen north.

There are primitive men, gritty and beautiful women, men fighting against the elements, men against man, bear fights and the long lonely trails that break the hearts and sinews of men; there is that red-blooded romance and adventure of the great story right where it belongs, right where it is bred. It is a masterpiece of dramatic writing made into a masterpiece of photoplay. It opens in the arctic, and it ends there after a succession of breathless, thrilling and unusual episodes that keep the pulse pounding and anticipation whetted as it sweeps along to a swift, smashing and unexpected climax.

Tom Moore Is to Be Seen As Irishman In New Movie

He was Born in Ireland and
He Must Enjoy
Part.

Tom Moore will be seen in all his glory in his next Goldwyn picture, "Caravan," from the pen of Rupert Hughes. Tom has a chance in this picture to portray a role which is new to him and which real, honest-to-goodness, no fancy frills Irishman. Since he was born in County Meade, it hardly need be added that he enjoys his part.

Next Lytell Film.

Arthur Maude has been engaged by Metro to make the screen adaptation of "A Message from Mars," the successful stage play by Richard Ganthony in which Bert Lytell is to star on the screen. Mr. Maude has written two comic operas which will be produced in New York in the fall. Mr. Maude is an Englishman who appeared in London as an actor with Henry Irving, Martin Harvey and Ben Greet. Coming to America he did Greek plays in California and made his own production of "Pelléas and Mélisande," "Beyond Human Power" and "Francesca da Rimini." He also appeared with Viola Dana in "The Microbe," for Metro. He has written a number of successful scenarios.

Gordon Was a Comer.

In one of his "rattling the skeleton" moments, Al Cohn confided that Robert Gordon's real name is Marion Comer and that the young actor changed it when he got his first big part with Lasky. Al insists that the change was made because Bob felt that he was no longer just a comer in the business. Anyway you figure it out, one must admit he has arrived.

"Lavender" Begun.

Director Lloyd Ingraham is right in the midst of the "shooting" of "Lavender and Old Lace," the first of Myrtle Reed's novels to be produced as a photo play. The company includes Marguerite Snow, Seena Owen, James Corrigan, Lillian Elliot, Victor Potel, Zella Ingraham and Louis Bannison.

Scheen Fickles.

Connie Talmadge's next picture will be entitled "Dangerous Business." The story is known to magazine readers as "The Chessboard." Many of the scenes will be filmed in Europe.

Jack Holt will play the lead in Mary Miles Minter's next Realart picture. In the production Miss Minter plays three characters. Chester Franklin will be her director.

King Vidor is now engaged in filming "The Sky Pilot," Ralph Connor's big novel of the Canadian foothills. It will be Vidor's third independent production.

Mme. Nazimova is in New York renewing her acquaintance with her husband and former director, Chas. Bryant, and planning for an eastern film production of "Aphrodite," in which she, of course, will have the stellar role.

Casey has been assembled whose individual members have worked to better advantage. George Broadhurst and Abraham Schomer were the authors, Ralph Ince the director, and Frank Mills headed the cast which included Alice Gale and Gus Weiberg of the original stage production, and Leonore Harris and Kate Lester.

Normal Notes

The Phi Beta club met today at 12:30 in Miss Watson's room.

The Y. W. C. A. will meet this evening at 4 o'clock and this will be an interesting meeting.

The soph-preps held a class meeting yesterday. Business concerning various subjects was taken up.

School is getting back into a normal condition again. All students are meeting their classes and work has been put in full force again.

President and Mrs. Linschied entertained the following guests with a six o'clock dinner Tuesday evening: Mr. and Mrs. L. E. Pettigrew, Miss May Pettigrew and Prof. Edward Davis.

The Normal football team will practice at 11:15 tomorrow so the boys will be able to see the game at the High school tomorrow afternoon.

The Home Economics club held its first business meeting yesterday afternoon in the reception room. A large number of girls were present and many important business matters were disposed of. The girls meet in regular session only once a month.

Miss Adams, teacher in expression, was formally introduced to the Normal in assembly this morning. She read several selections for the entertainment of the students which was enjoyed very much.

State Superintendent R. H. Wilson passed through Ada Tuesday and state to members of the faculty at the train that a wreck on the Katy had prevented him from

keeping his appointment as was announced. He regrets this, and will return early in November, at which time the Normal will be glad to have him as a guest.

Prof. E. C. Wilson, librarian at the Normal, is in Durant today conferring with the Southeastern Normal about a program for the district teachers' association which meets during the Thanksgiving vacation. The plan is for Southeastern to co-operate with East Central in these meetings thus securing better talent than either association could secure alone. Ada looks for a record attendance this year.

George Washington of Roff is the newest addition to the football team. Washington is a fine football player as well as an all-round athlete and the coach is well pleased to get him for the team. Pat Brazzil was elected captain of the team yesterday on the second ballot. The boys will leave Saturday morning for Stillwater where they will play the A. & M. freshmen of the A. & M. college Saturday afternoon.

The following is the record of a number of students that board here

and the number that live here:

Boarding pupils: Boys, 52; girls, 150; total number boarding here, 202.

Resident pupils: Boys, 54; girls, 125; total number of resident students, 179.

This shows that the Normal is not a local school, but that it is composed mainly of students from other places.

Shell-Shocked Youth At Hugo May Be From This County

The story yesterday in the News of a shell-shocked young man at Hugo who does not remember his name or where he is from is being investigated by the local Red Cross. It is believed that the young man is Richard Brooks of this place, who was similarly afflicted after returning from the battle front.

"As soon as I read the story in the News, I thought of Richard Brooks," Mrs. Orville Snead, the home service secretary, said to a News representative this morning.
